

# Homeschool Tour Program

## Ages 10 and up

Especially designed for homeschool students ages 10 and up, the Delaware Art Museum's Homeschool Tour Program offers students a wonderful art education experience! Students will explore various artists and art movements and develop an understanding of the Museum's collection and special exhibitions. Select tour dates will include 30-minute art projects in the Museum's Bank of America Studio Wing.

Inspired by the Museum's special exhibition, *The Baroque World of Fernando Botero*, **Cultural Connections** will take students on a journey around the world to discover how different civilizations and customs influence art. Registration begins Monday, March 10, 2008. Program limited to 25 students. Registration is first-come, first-served. Participants must register and pre-pay by mail. No refunds. Parents are required to stay on the Museum's property for the entire program. For more information, contact Saralyn Rosenfield, Family Programs Manager, at 302-351-8504 or [srosenfield@delart.org](mailto:srosenfield@delart.org).

**THEME:** Cultural Connections
